

### Did you know there is a difference between a Development Sponsored project vs. Research Sponsored project?

The **Development Office** assists with preparing funding requests to foundations and philanthropic entities.

**Sponsored Project Administration** assists with all types of grants that are research or project based outside of our community outreach efforts.

If you have a topic you would like to add or have additional questions please contact Lenora Trujillo, [Lenora.G.Trujillo@uth.tmc.edu](mailto:Lenora.G.Trujillo@uth.tmc.edu), in the Office of Research at the School of Dentistry.

### READ BELOW TO LEARN MORE ↓↓

The Development Office assists with preparing funding requests to foundations and philanthropic entities. They will partner with SPA (Sponsored Project Administration) to review and submit proposals. All faculty are encouraged to let the Development Officer contact SPA and/or Grant Administrator (SOD's is Lenora Trujillo, [Lenora.G.Trujillo@uth.tmc.edu](mailto:Lenora.G.Trujillo@uth.tmc.edu), in the Office of Research) and work through the submission between our offices.

Examples of type of grants supported by the Development team:

- Charitable giving
- Philanthropy
- Community Outreach

Sponsored Projects Administration serves as the coordinating office for externally funded research and sponsored projects at UTHealth. They service our community through proposal review & submission, negotiations of contracts & awards, account/ project management, reporting, audits, professional development & education, & compliance. All faculty are required to contract your grant administrator (SOD's is Lenora Trujillo, [Lenora.G.Trujillo@uth.tmc.edu](mailto:Lenora.G.Trujillo@uth.tmc.edu), in the Office of Research) for non-sponsored or sponsored projects.

Examples of non-sponsored projects:

- Non-Disclosure Agreement (**NDA**)
- Material Transfer Agreements (**MTA**)
- Data Use Agreements (**DUA**)
- Non-Monetary Research Collaboration

Examples of sponsored research projects:

- National Institutes of Health grants (NIH)
- Cancer Prevention and Research Institute of Texas (CPRIT)
- Health Resource & Service Administration (HRSA)
- American Association of Endodontist (AAE)
- American Association of Orthodontists (AAOF)
- American Academy of Implant Dentistry (AAID)
- Robert Wood Johnson Foundation (RWJF)

**As a Reminder:**

All grants, contracts and other applications for **any type** of funding, even those without **indirect costs, must be** submitted to the Research Office to ensure compliance with SOD and UTHealth research and financial policies. The Research Office will coordinate the institutional approval process and submission of all grant applications and contract requests. This is a UTHealth rule per [HOOP Policy 64](#) and there will be **no exceptions** made for SOD research projects.
