

*Updated July 15, 2020*

Dear Prospective Patient,

The COVID-19 pandemic has changed a lot of things about our day-to-day lives, including dental appointments. Your health and safety are as important to us as they are to you. Every concern you've had, we've had too. As your dentists, we have reviewed all of the expert guidance and research to make sure we're taking every measure to keep patients and staff safe.

We are delighted to share that we will be moving into the next phase of reopening our clinics. While we continue to focus on resuming care for established patients, we hope to start bringing new patients into our clinics soon. Updates and announcements about this will be posted at [Go.uth.edu/covid-utsd](https://go.uth.edu/covid-utsd).

We look forward to an opportunity to become your source for high quality oral health care!

Sincerely,

UTHealth School of Dentistry
