Managing Risks in Today’s Dental Practice: Legally Analyzing Clinical Dentistry
Boyd Shepherd, DDS, JD and Laura Diamond, JD

Course Description
This course will cover the TSBDE acceptable “risk-management” course information on how to avoid record-keeping and ethics. By the end of the course, the participants will have a better understanding of clinical approaches that are acceptable.

Friday, January 27, 2017
Oral Effects of Substance Abuse
Ashley Clark, DDS

Course Description
This course is designed to provide an update on the new types of recreational drugs and to describe the real effects of substance abuse. You will be provided with tools to help you recognize your potential patients abusing recreational substances.

Friday, Feb. 3, 2017
Coronal Polishing Certification Course for the Dental Assistant
Harold A. Henson, RDMH, MED, PhD

Course Description
The eight-hour lecture and hands-on lab/clinical course is designed to provide the dental assistant with the knowledge, principles, and skills to perform coronal polishing on patients in your office under the direct supervision of a licensed dentist. This course meets the Texas State Board of Dental Examiners requirements for coronal polishing for TSBDE Rule §145.5.

Prerequisites required for this course:
(1) Letter from dentist verifying/acknowledging participant has two years of dental-assisting experience.
(2) Current CPR certification.

Friday & Saturday, Feb. 10 & 11, 2017
Integrating Lasers into Your Everyday Clinical Practice:
Juliana Barbosa, DDS, MS; Charles Hoopingarner, DDS; Shalizeh Patel, DDS & Angie (Mom) Wallace, RDH

Course Description
The program is designed to enhance the practitioner’s knowledge and understanding of lasers’ function and roles in patient care. You will gain an understanding of the science, physics, and tissue interaction as they relate to the clinical procedure you will be able to perform. This course meets the Texas State Board of Dental Examiners requirements for extension of duties of dental hygienists for TSBDE Rule §115.3.

Educational Grants:
For their continued support and participation in our sponsored programs, The University of Texas School of Dentistry at Houston gratefully acknowledges FORTUNE MANAGEMENT.

Friday, Feb. 24, 2017
9th Annual Perio-Chemotherapeutics: The 21st Century
Sebastien G. Ciancio, DDS

Course Description
In the 21st century, every general practitioner and hygienist will be treating more elderly patients than ever before. This program will provide a clinical understanding of both beneficial and adverse effects of dentures vs. implants, and the prosthetic and implant tissues associated with medications the patient is already taking, as well as medications prescribed by the dentist.

Educational Grants:
For their continued support and participation in our sponsored programs, The University of Texas School of Dentistry at Houston gratefully acknowledges COLGATE and DWIGHT & CHURCH.

Saturday, Jan. 21, 2017
Centric Relation: Past, Present and Future - Separating Fact from Fiction?
Charles Hoopingarner, DDS and Robert Spears, PhD, MS

Course Description
The basis of occlusal determinations should be anatomic and physiologic rather than philosophic. Evidence will be shown that will allow you to make informed choices for your patients based on structural considerations and scientific principles. Various techniques will be demonstrated that will enable you to deliver a higher quality, more predictable service more efficiently and comfortably for the patient.

Saturday, Jan. 28, 2017
Getting Your Patients to Say Yes … Predictably
René Schubert

Course Description
This session will give you enrollment skills to help the patient understand the difference that treatment will make and the importance to his or her health and life. This course gives the doctor the tools of a master communicator, results that not only make a difference for the patient, but also make a difference in the success of the practice and its bottom line.

Educational Grants:
For their continued support and participation in our sponsored programs, The University of Texas School of Dentistry at Houston gratefully acknowledges PATTERN DENTAL.

Friday, February 17, 2017
Baby Boomers and Beyond… Oral Health Issues for the Aging Population
Annette Wolfe, RDH, BS

Course Description
Older adults make up one of the fastest-growing segments of the world population. No matter the age, we and our patients still feel like and want to look like our young selves with our teeth fully functional. The goal of this course is to provide the participant an understanding of prevalent oral conditions and current options for the older population. No matter the age, we and our patients still feel like and want to look like our young selves with our teeth fully functional. The goal of this course is to provide the participant an understanding of prevalent oral conditions and current options for the older population.

Educational Grants:

REGISTRATION & CANCELLATION POLICY

Full tuition must accompany each registration to ensure your registration for a course. Tuition is completely refundable if a course is cancelled by the PACE Center, Continuing Education or if the registrant cancels more than 21 working days prior to the course date.

Registrants who cancel 10-20 working days prior to the course date may apply the entire course tuition toward another course at a 50% discount. No refunds are given for cancellations made less than 10 working days prior to the course date, but tuition may be applied towards a future course. A $75 administrative fee will be charged for cancellations 10 working days prior to the course date. A set deadline is required for certain courses; no registrations or cancellations are accepted after the course set deadline. Please see the specific individual course for the set deadlines.

'No shows' for a course will forfeit the full registration tuition. PACE Center, Continuing Education must receive all cancellations in writing prior to the course date for the appropriate refund and/or credit to be issued.

PACE Center, Continuing Education cannot be held responsible for a non-refundable airline ticket in the event of a course cancellation.

CREDIT

The University of Texas School of Dentistry at Houston, PACE Center, Continuing Education is designated as a recognized provider of the Commission for Continuing Education Recognition Program (CCEPR) conducted under the auspices of the American Dental Association. The formal continuing dental education courses are accepted for fellowship/mastership and membership maintenance credit by the Academy of General Dentistry. Individuals should consult with their state board regarding recognition of courses accepted for re-licensure.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CDE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

The formal continuing dental education program of this sponsor are accepted by the AGD PACE Program for Fellowship/Mastership credit. The current term of acceptance extends from 11/1/2015 – 12/31/2019. The University of Texas School of Dentistry at Houston PACE Center is a member of the Association of Continuing Dental Education.
