Drs. Gary Badger, Brett Chiquet, and Rebeca Urquiola

The Greater Houston Dental Society is an ADA CERP Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The Greater Houston Dental Society designates this activity for 2 hours of continuing education credits. Concerns or complaints about a continuing education provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

A 25% administration fee will be applied to any refund request received prior to Monday, September 15, 2014. Refund requests will not be accepted after this deadline. Registration fees are for this meeting only. To register for a symposium, print your preferred symposium letters in the order of first, second, and third choice. Your assigned symposium will be identified on your name badge.

Name of Attendee(s) (please print) Member: M or Symposium Selection (A through C) Non-Member: NM

Everyday Dentistry -
More than Everyday Esthetic results

Presented by: Robert C. Margeas, DDS

Course Description:
This lecture is designed for today’s esthetically minded, real-world dentist and staff.

Dr. Margeas will review dozens of direct and indirect clinical cases – step-by-step – that are done in real time on an everyday basis. These include: porcelain veneers from preparation, provisionalization, and cementation. Direct composite resin veneers, class IV restorations, diastema closure, peg laterals, and porcelain repair. Learn how to create perfect ovate pontic sites following extraction. Simplified implant techniques and coordinating treatment with your surgeon for immediate extraction, placement, and provisionalization using the patient’s natural tooth. Treating the worn dentition will be explained with different treatment options. The techniques learned can be incorporated into your practice immediately for increased profitability.

Course Objectives:
Upon completion of this course, you will learn:
• How to properly layer and finish composite resins that mimic nature
• How to provisionalize immediately following implant placement
• Porcelain veneers, from preparation to cementation
• How to diagnose and treat the worn dentition
• When to bond restorations vs. cementation

About the Presenter
Robert C. Margeas, DDS graduated from the University of Iowa College of Dentistry in 1986 and completed his AEGD residency the following year. He is currently an adjunct professor in the department of Operative Dentistry at the University of Iowa. He is certified by the American Board of Operative Dentistry. He is a diplomate of the American Board of Aesthetic Dentistry, a fellow of the Academy of General Dentistry and International Team for Implantology. He has written numerous articles on esthetic and implant dentistry, and lectures and presents hands-on courses nationally and internationally on those subjects. He serves on the editorial advisory board of Inside Dentistry, Compendium, and is a contributing editor to Dentistry Today and Oral Health in Canada. Dr. Margeas maintains a full-time private practice focusing on comprehensive restorative and implant dentistry in Des Moines, Iowa.

General Information:
Location: The Denton A. Cooley, MD & Ralph C. Cooley, DDS University Life Center

$175 – Additional staff member after August 15, 2014
Infection Control and Safety - 2014

Presented by: Kathy Eklund, RDH, MHP

Course Description:
The goal of an infection prevention and control program is to prevent health care-associated infections and injuries, as well as illnesses in healthcare personnel. Recently, two incidents of hepatitis B and C virus transmission in dental settings have been reported in the professional and general news media, stimulating public and professional concern for patient safety. We will review a “best practices” framework for developing and managing an effective and efficient infection control and safety program that promotes patient and provider safety. Strategies for ensuring compliance with Centers for Disease Control and Prevention (CDC) guidelines, Occupational Safety and Health Administration (OSHA) regulations and other relevant recommendations, regulations and standards will also be discussed. Resources and tools from the CDC, OSHA, the Organization for Safety Asepsis and Prevention (OSAP), and other regulating agencies will be shared with participants.

Course Objectives:
Upon completion of this course, you will be able to:
• Describe the basic concepts and foundational principles of “best practices” for infection prevention and control
• Identify credible resources for infection prevention and control
• Use tools and resources to develop best practices for a site-specific infection prevention and control program

About the Presenter:
Kathy Eklund, RDH, MHP is the Director of Infection Control and Occupational Health, and Research Participant and Patient Safety Advocate at The Forsyth Institute in Cambridge, Mass. She is an adjunct assistant professor at the Massachusetts College of Pharmacy and Health Sciences, Forsyth School of Dental Hygiene, and an adjunct faculty member of the Mount Ida College Dental Hygiene Program, where she teaches senior-level courses in oral health research and evidence-based decision-making.

Ms. Eklund serves on the faculty of the New England AIDS Education and Training Center and www.HIVdent.org. She is a member and past chair of the Organization for Safety Asepsis and Prevention (OSAP) and is a current member of the OSAP Board of Directors. She is among the authors of the CDC’s Guidelines for Infection Control in Dental Health-Care Settings.

The University of Texas School of Dentistry at Houston gratefully acknowledges the 3rd Annual Generations Dental Conference supporters:

Thank you for helping to make our programs the Turn of the Century!

Restorative Materials Update 2015
- Review the options available in adhesive systems including the new advancements in glass ionomers and light curing units
- Eliminate the frustration of post-operative sensitivity and restorative failure
- Discuss the materials and techniques for direct composite restorations
- Techniques and material selection for near or direct pulp exposures

Autoimmune Diseases:
Systemic and Oral Health, and Pharmacologic Treatment Considerations
AM Session
- Recognize the adverse oral and systemic complications associated with medications used to treat autoimmune diseases
- Identify important practice management considerations when planning dental care for patients with autoimmune disease

Exploring the Emerging Science
PM Session
- Discuss current findings from dental and medical research that influence decision-making in clinical practice
- Describe evidence-based interventions and strategies that can successfully reduce risks for oral disease

This program has been planned and implemented in accordance with the standards of the ADA Continuing Recognition Program (ADA CERP) through joint efforts of The University of Texas School of Dentistry at Houston and the UTSD Alumni Association.

REGISTRATION INFORMATION

Telephone Number: (713) 486-4028  |  Fax Number: (713) 486-4037  |  Web: http://dentistry.uth.edu/ce

PREREGISTRATION: Preregistration for all courses is necessary. It is beneficial for participants to preregister for a course as the course packet will be available for them at check-in. Please call the Office of Continuing Education at (713) 486-4028 to preregister for a course or mail the registration form, with check, made payable to UTSD – Continuing Education.

MAIL PAYMENT TO:
UT-SCHOOL OF DENTISTRY
Office of Continuing Education, 7500 Cambridge St., Suite 6130, Houston, Texas 77054

The Office of Continuing Education cannot be held responsible for the cost of a nonrefundable airline ticket or flight change in the event of a course cancellation or the rescheduling of the program.

Upon registering in any continuing education activity, the participant agrees that The University of Texas School of Dentistry at Houston and their affiliates, and all personnel associated with the program are not responsible or liable for any injuries or other damages sustained by the attendee in connection with the scheduled activity, and the participant hereby releases each of them from any claims against them arising directly or indirectly from any such injury or damage. The registered participant grants permission to the Office of Continuing Education (and its designees and agents) to utilize the participants' image, likeness, actions and/or statements in any live or recorded audio, video, or photographic display or other transmission, exhibition, publication, or reproduction made of, about, or at, the activity without further authorization or compensation. Participants may not use video or audio recording devices during the course or scheduled event. Registering for any continuing education activity constitutes acceptance of these terms.

PAYMENT BY CHECK: To hold your space in any one of the continuing education programs, please provide credit card information when preregistering. If payment by check is desired, the credit card will not be charged, but will be "on hold" until the check is received by the Office of Continuing Education. Please make checks payable to: UTSD Alumni Association

PAYMENT BY CREDIT CARD: MasterCard, VISA, or Discover Card only. American Express payments are accepted when registering online.

ON-SITE CHECK-IN: Please check details of each course for designated time and location of course check-in. Participants can pick up packets thirty minutes prior to the beginning of the course. Same-day walk-in enrollments will be accommodated on space-available basis.

CONFIRMATION: Your registration confirmation and an area map of the School of Dentistry will be emailed to you the day of registration. Upon request, you will also receive a listing of nearby hotels. Proof of payment and credit letter will be issued on the day of the course.

CREDIT: The University of Texas School of Dentistry at Houston Office of Continuing Education is a recognized provider by the Continuing Education Recognition Program (CERP) conducted under the auspices of the American Dental Association. The formal continuing education courses are accepted for Fellowship/Mastership and membership maintenance credit by the Academy of General Dentistry.

Individuals should consult with their State Boards regarding recognition of courses acceptable for re-licensure.

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between The University of Texas School of Dentistry at Houston-Office of Continuing Education, the Charles A. George Dental Society, the Greater Houston Dental Society, the Greater Houston Dental Hygienists’ Society, the Houston Asian American Dental Society, the Houston Hispanic Dental Association and the UTSD Alumni Association.
