

# A CE Cruise Specifically Designed for Dental Hygienists and Assistants!

Leave the Dentists at home and join your fellow Hygienists and Assistants as we set sail from New Orleans for 4 fun-filled days aboard Carnival Elation. The CE is specifically geared to the “super stars” of the practice - Hygienists and Assistants! Our port of call is Cozumel where you can enjoy beautiful beaches, historic ruins, snorkeling, scuba diving, shopping, swimming with the dolphins, or just relaxing in the warm sun: the choice is yours.

# Speakers and Courses With You In Mind...

**Noel Brandon-Kelsch** is an international speaker, writer, researcher and Registered Dental Hygienist in Alternative Practice. She is passionate about oral health and has the uncanny ability to motivate and enlighten audiences through her unique humor and cutting edge information. She takes tough subject matter and presents it in such a way that it becomes thought provoking even to those not involved in her industry. She is the infection control columnist for RDH magazine, a syndicated newspaper columnist, has been published in many books. She has brought the message of oral health to media networks from Disney Radio to ESPN. Noel has received many national awards including: Top 25 Women in Dentistry 2014, Who's Who in Infection Control 2014, Colgate Bright Smiles Bright Futures, RDH Magazine Sun Star Butler Award of Distinction, USA magazine Make a Difference Day Award, President's Service Award, Foster Parent of the Year, Hu-Friedy Master Clinician Award and as if that isn't enough: she is also a five time winner of the Castroville Artichoke cook off! Noel is a Past President of the California Dental Hygienist's Association, Board Member of the Santa Barbara Ventura Dental Foundation, Sunstar America, GC America, Philip Life Style and Kerr Total Care, Hu Friedy, Orascoptic, Dux Dental, American Eagle, Key Organization Leader, member and Newsletter Editor for the Organization for Safety and Asepsis Procedures.

**INFECTION CONTROL WITH A TWIST:** Ever sit through an infection control class and wish you could nod off? Noel Kelsch RDH decided to change that using humor and cutting edge information. This course will give you up to date and practical information designed to keep both the clinician and the client safe. Stressing the essential value of breaking the chain of infection at every level, attendees will return to their offices equipped with practical, clearly defined steps to ensure adequate infection control in the dental setting. Utilizing Noel's OSHA designated outreach trainer status, this course includes an update on the OSHA and CDC recommendations.

**Angie Skinner** has been training and coaching dental practices since 2001. She received her BA from the University of Memphis and spent fifteen years in sales, management and corporate training in the retail sector. Her passion for customer service led her to dentistry; since that time she has trained thousands of dentists, hygienists, dental assistants and administrative team members to improve their standards and deliver a better experience for the patient. That improved experience translates into profit, which she passionately believes should be shared by the entire team. Angie's articles have been featured in countless dental publications, including The Profitable Dentist, Inside Dentistry magazine, The American Association of Dental Office Managers, Observer, the Trojan newsletter, and Dental Economics. She has been designated a 'Leader in Dental Consulting' by Dentistry Today Magazine. She publishes a free monthly e-mail newsletter, for which you can sign up online. Angie has been an instructor in alumni programs for the University of Tennessee College of Dentistry, speaks at dozens of dental meetings at the state and local level each year, and is a proud member of the National Speakers Association®. In addition to writing and speaking, Angie also conducts training via telephone and Skype™ and has trained clients for such recognizable names as 1-800-Dentist®, The Snyder Group™, SmileVision® and the American Association of Dental Office Managers. She believes strongly in her alliances and their talents.

## Simply Indispensable!

Over the past several years, we've watched many practices trim staff, cut costs and shrink their hygiene programs. Assisting and Hygiene graduates churn out of accredited programs with too few jobs, or no full time ones. In a world that relies on good luck, excellent references and impeccable contacts to get a great job, how can you make your position both recession and circumstance-proof? The answer? It's easy!

Indispensable employees act like business managers and entrepreneurs. Learn exciting ways to elevate your position, generate profits for your office, lead with attitude, and NEVER have to look for a job.

- The top 4 attributes of irreplaceable clinical employees
- How to create patient loyalty, and let go of the things that don't
- How to guarantee clinical efficiency and timeliness in your columns
- Simple coding strategies: code for what you do!
- How to impact your schedule, and your schedulers, with smart ideas that work
- Effective strategies for getting ideas implemented – with team enthusiasm and purpose

*The University of Tennessee Health Science Center, College of Dentistry is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing dental education programs of this program provider are accepted by AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from January 2012 to December 2015.*

*The University of Tennessee Health Science Center (UTHSC) College of Dentistry is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.*

*This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between the UTHSC College of Dentistry and LSU Health School of Dentistry, UAB School of Dentistry, and UT Health School of Dentistry.*

*The UTHSC College of Dentistry wishes to acknowledge and thank Kerr Total Care for their generous support of this program.*
