

ENDODONTICS

CURRICULUM

First Year

Summer Semester

Anatomy-Head and Neck

Oral Biomaterials-Endodontics

Pulp Biology

Conscious Sedation I

Endodontic Pre-Clinical Technique

Statistical Methods

Fall Semester

Cell/Development Biology

Oral Biology: Development, Structure Function of Oral Tissues

Advanced Basic Sciences I

Conscious Sedation II

Endodontic Clinic

Topical Seminar in Endodontics

Current Literature Seminar

Spring Semester

Advanced Basic Sciences II

Endodontic Clinic I

Endodontic Surgery

Topical Seminar in Endodontics

Current Literature Seminar

Second Year

Summer Semester

Applied Sciences II

Endodontic Clinic II

Fall Semester

Graduate Oral Pathology

Endodontic Clinic

Topical Seminar in Endodontics

Current Literature Seminar

Spring Semester

Endodontic Clinic II

Topical Seminar in Endodontics

Current Literature Seminar

Research

Third Year**Summer Semester**

Endodontic Clinic III

Thesis
